The Complete ScummVM Collection v2 0 Exactly what I was looking for, saves time installing from disc to extract the correct data files and even a big help on retro PCs now that ScummVM supports Win 9x.. Yep, right: I love and play my old retro games I guess the Lucasfilm/LucasArts classics will always be my favorite games – from Maniac Mansion to Grim Fandango, I played them numerous times until the credits get rolled and although adventure games are not the most versatile games, they will never boring for me.. Although I'm still buying contemporary video games, they typically end up dusted and stay shrink wrapped forever.. Finally, Lemmings and Indy 3 were my first mouse controlled games As an avid NES kid, I was fascinated over the better VGA graphics and the fact that Indiana Jones is not a Native American.
